RE: Notice of Intent to Award – Seismic and Structural Services RFQ
Town of Mammoth Lakes, Mono County

After reviewing the proposals received May 3, 2024 and subsequent interviews, the Mammoth Community Water District (MCWD) intends to award the contract to Holmes based on the scoring described in the request for qualifications. As a public agency all proposals and scoring are in the public domain and we will provide them upon request. Thank you all for submitting proposals, this was a hard decision as we received 8 proposals from highly qualified candidates. We narrowed this down to 4 candidates to interview, and further narrowed down to 2 short-listed candidates (see attached summary). Thank you again for all the work that went into the proposals and please feel free to call or email with any questions.

Thank you,

Nick Holt

Assistant Engineer

Mammoth Community Water District – Seismic and Structural Services RFQ Summary

MCWD received Statements of Qualifications from 8 highly qualified candidates, we reduced this down to 4 candidates to complete interviews with our panel of three reviewers. Based on the SOQs and interviews, this was reduced to a short-list of 2 final candidates whose scored rankings are included below. All SOQs received are considered public documents and will be provided upon request. Please call or email Nick Holt if you have any questions or would like details about our selection process.

Eight Firms Submitted

DUDEK
Holmes
InfraTerra
ISE Structural Engineers
Simpson Gumpertz & Heger
Strive Engineering Group
Tipping Structural
TYLin

Four Firms Interviewed

Holmes
InfraTerra
Simpson Gumpertz & Heger
TYLin

Two Firms Short-Listed

Holmes
InfraTerra
